

Interview with SYC member

Stephen: Hello, My name is Stephen Swaray and your name is?

Victoria: Hello, My name is Victoria

Stephen: I am going to ask you for your opinion on the SYC seeing you are a member?

Victoria: Well I think it is a very good service for young people and I think young people should get involved in it because it gives them the chance to voice there opinion and make decisions which relate to them in Southwark.

Stephen: So what do you enjoy about the SYC?

Victoria: It's a really good opportunity to meet young people in Southwark and also you get to go to exclusive events and organize events like Boat parties. You also get Vouchers for every meeting that you attend.

Stephen: Last question, why should young people in Southwark get involved?

Victoria: It takes young people off the streets and also it is good for when you apply for Universities and Jobs. You are also doing something positive for your Community and gain personal development from making speeches in public and attending important meetings.

Stephen: Thanks for your time!!
